From Our President

Happy March Pilots!

Did you know that this month we celebrate Brain Awareness Week from March 11-17. Every March a week is set aside to foster public enthusiasm and support for brain science.

As Pilots, supporting brain awareness is one of the many things that we do well. From providing and fitting helmets and putting on puppet shows for young children so they understand the ‘why’ of protecting our brains, to playing BrainO with our elders – we got them covered. Thank you for all of your hard work to make sure we do our part to promote brain health and awareness in our community.

Don't forget to wear your Pilot green on St. Patrick's Day or risk getting pinched!

In Pilot Friendship,

Annette

BrainO at Tapestry Senior

At the Alzheimer's Conference, Annette gave a history of our Pilot Club, letting the attendees know we started the Alzheimer's Conferences back in the '80s. We also provided the continental breakfast and had the opportunity to speak with several of the attendees. We were fortunate to have two LaVerne Weddle Pilot Scholarship House residents with us.
